

Courses offered by InFaith Missionary

Rev. Michael A Thompson, MSE, MDiv, DMin(abd)

Mthompson@infaith.org / 715-661-3254 (text)

Advanced Discipleship Course List and Sequence

Cohort (group) meetings are designed to discuss the material that has been previously studied. The course leader will not reteach lessons. Therefore, it is paramount that each student sets aside and prioritizes time to study the lesson before the group meets.

If you need help understanding a lesson, email or text the course leader. The course leader is here to serve you as an act of worship to Christ.

The first meeting will include an overview of the entire program and instructional information related to the first course. The group has the option to slow down or speed up the learning process. For example, two relatively easy courses could be completed simultaneously.
